

Student's satisfaction

Batch: 2017-2020

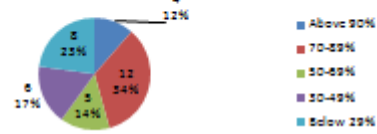

Class: 2017ZOO

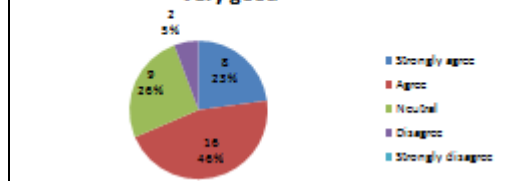

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

The overall quality of teaching-learning process in your institute is very good

THE MADURA COLLEGE (Autonomous), MADURAI
DEPARTMENT OF ZOOLOGY

SWOC

Strength

Students are pleased with the Syllabus completion in time for all the classes, internal evaluation process and opportunities to learn.

Students are very much satisfied by the preparation of the teachers for a class, Communication skills of the teachers, encouragement to participate in extracurricular activities and skill development initiatives.

Students satisfied with well equipped museum, charts, slides, models and other required practical appliances.

Weakness

Students expected efficient use of ICT tools in teaching theories and practicals.

The practicals could not be conducted using animal specimens due to ethical problems.

Weak students expect Remedial classes for theories.

Opportunities

Conducting Virtual dissection for both major and ancillary practicals.

ICT enabled teaching could be promoted with smart class room

Introducing courses on Entrepreneur in Zoology and learning advanced techniques in biology

Challenges in the Department

Most of the students are from rural area and distant places, late comers for a class are prominent.

Most of the students are from rural areas and hence acquiring of language skills is very difficult for them.

Motivating students for pursuing higher studies

Procuring virtual dissection software to teach practical classes for both major and ancillary students.

Action Plan

To motivate the self-learning among students, a self study unit can be included in the curriculum.

Inculcating the students about punctuality in attending the class.

Assignment performance of every student will be discussed in classes.

The ICT usage for the theories and practicals will be done.
